

SureShot IntelliShot Dispensers offer accurate delivery of all kinds of liquids including dairy, juices, liquid egg and concentrates.

Your customers will appreciate taste consistency and speedy service. Your employees will appreciate how easy the dispensers are to clean, operate and load. Plus, you'll enjoy the dramatic cost savings of bulk buying, controlling usage and maximizing your operational efficiency.

SureShot Dispensing Systems® offer you maximum supplier flexibility: use standard product or dairy bags from your current supplier, pour product into our refillable containers, or choose a Bag-In-Box Program via our beverage partners. The choice is yours!

AC220-FP

FEATURES AND BENEFITS

- External SureTouch temperature display and adjustment capability.

AC110-PC

- Proven refrigeration system ensures consistent product quality and optimal shelf-life.
- Designed with maximum product quality and safety in mind.

- User-friendly, multi-functional control panel enables accurate dispensing of product in appropriate volume sets for all of your cup sizes and menu items.
- Low product level indication.
- Includes an easy to read digital diagnostic/product selection display.
- Dramatic cost savings by eliminating the waste and excess usage associated with free-pouring liquids.
- Infrared programmability for easy program updates and menu changes.
- "Fill-In-Place" capability features clear plastic containers that may be easily filled in place and reset to any half gallon level.
- USA and Canada-wide Technical Service Network with SureShot Technical Assistance Center support.
